## Introducing changes in the MSD

Introducing changes in the MSD

[The Regulation of the Minister of Infrastructure and Development of 10 December 2014](#)

amending the Regulation on the general technical conditions of railway vehicles operation (Journal of Laws of 2015, item 25) introduces three new ways of modifying maintenance system documentation:

- [For freight wagons covered by the maintenance process implemented by entities in charge of maintenance \(ECM\) with a certificate issued in line with Commission Regulation \(EC\) No 445/2011;](#)
- [For railway vehicles covered by the duty of entry in the National Vehicle Register;](#)
- [For railway vehicles not covered by the duty of entry in the National Vehicle Register.](#)

Specific information on procedures applicable in the three cases can be found under the links above.
