Ignacy Góra

President of the Office of Rail Transport (UTK)

Ignacy Góra received a PhD degree in technical sciences from Warsaw University of Technology. He is a graduate of the Cracow University of Technology specialising in rail vehicles and enterprise organisation and management. He also completed post-graduate studies at the Silesian University of Technology - Integrated Safety Management Systems, at the Cracow University of Technology - Cutting-Edge Electric Technologies in Transport, at the Kazimierz Pułaski University of Technology and Humanities in Radom - EU Integration in Rail Transport, and at Kozminski University - The European Model of Management.

Since the beginning of his professional career in the rail industry, i.e. since 2001 at PKP CARGO S.A., Mr Góra has held executive and management positions, the last being in the Headquarters of PKP CARGO S.A. as the Head of the Traffic Safety Department. He is an expert in the field of safety management systems and managing the work of driver crews of traction vehicles and locomotives.

Between 2005 and 2008 he was a representative of the PKP Group in the *Community of European Railway and Infrastructure Companies* (CER) in respect of developing specific

solutions for the work of mobile crews (including drivers) in cross-border traffic.

He has authored and co-authored many rules and regulations in the field of safety and operation, and principles of regulations on, among other things, train driving licences and certificates (a member of a working group created by the Minister of Infrastructure).

He has extensive experience in the creation of systemic principles in the field of work organisation improvement. He participated in the restructuring of PKP CARGO S.A. and the implementation of a governmental strategy for reallocating movable property in the PKP Group and allocating real property functionally connected with this property (a member of the team based on the Decision of the President of the Management Board – CEO of PKP S.A.).
